Subject: Questionairre - Need for Playground Safety Inspector Certification Course?

I have been contacted by NRPA and Nicole with Picture Perfect Playground from Idaho asking if we can provide the National Playground Safety Inspector Certification Course in conjunction with the Tri-State Recreation, Parks and Trails Conference in West Yellowstone in October. As background information, the class is 1 1/2 days in length and the cost per student is \$480. That would be in addition to the conference registration fee if a student planned to attend both. We need a minimum of 40 students.

Please forward this information to your membership, distribution lists, cities and counties if possible. Please let me know if you have staff who would attend this class and how many. I need to know by July 19!

As always, thanks for your assistance with this matter!
